

ISTORIA

wood floors

Dear Istorya Valued Customer,

I really do hope you are keeping yourself and loved ones safe.

Following last night's announcement. I have taken the decision to pause all company activity for the immediate future.

Currently the government guidelines are very unclear.

Stay at home

Only go outside for food, health reasons or essential work

Stay 2 metres (6ft) away from other people

Wash your hands as soon as you get home.

As I know this may frustrate some of you and you have concerns regarding your order or works booked in, it is essential that we follow the basic simple steps to keep this pandemic from overrunning the country.

We have had concerns expressed from some of our employees about attending work and having contact with people who visit from outside, in both the workshop, showroom and on site. Some employees have to use public transport to attend work and are not very comfortable about this.

This has placed us in a difficult position of forcing people to come to work.

We are reviewing how we can operate (if we can) and are awaiting to clarity from the authorities, as to what is regarded as essential work.

I am discussing with my Admin, production and site teams as to, if we have to can safely carry out single activities safely and will update you.
